

Coordinator Descriptions

Waterfront: Oversees the lakefront and the pool, serving as the primary lifeguard and example to follow. If it requires a swimsuit, it's all them!

Ropes: Familiarizes themselves (and other staff) with safe and proper technique at the climbing tower and high ropes course. Helmets, harnesses and belaying are their best friend!

Media: Captures the candid joy of camp and tells the story for all to see. A great Media Director focuses on people rather than activities!

Worship: Works in tandem with the Chaplain to orchestrate a smooth evening worship nightly. They create a space and allow God to move!

Office: Fields calls, registers campers, and generally holds down the fort (office). They are the glue connecting campers & parents during the week!

Healthcare: Administers medicine, treats ailments, and keeps medical records in line. Campers' well-being is their thing!
